Hanna P-TECH Admission Policy:

The Hanna P-TECH program follows the school within a school model. For admissions, students are chosen through a weighted lottery that favors students who are at risk or who are part of the targeted subpopulations for the P-TECH model. To be part of the Hanna P-TECH 9th grade cohort, students must submit a P-TECH Commitment Form where all relevant PEIMS data is will be documented based on the district's data base. Once the Commitment Form is returned to the home ECHS campus, all students who returned the form will go into the lottery one time. A student will go into the lottery an additional time for each of the following identified PEIMS measures: at-risk, Hispanic, economically disadvantaged. Therefore, a student's name can go into the lottery anywhere from one to four times depending on the PEIMS indicators.
