A notice will appear indicating “Your Institution has a different login page available. Please log in there.” Please select “log in there”

The next page that loads after this one will request that you log-in what looks like an email log-in, but it is actually verifying teacher username and password and then rerouting you to the BISD Hoonuit Home page.

Google Classroom (2019)

Google™ Classroom provides teachers with a low-barrier, blended learning environment that is familiar to students. Effective use of attachments with the question and assignment resources can provide a robust online learning environment for students with a rich, multimedia learning experience. This series will take you from step one

Office 365 Teams

Office™ 365 Teams is a group collaboration space that pulls together many Office 365 tools into one convenient location. Teams can be created for classroom groups, allowing the instructor to share and collect assignments, communicate with students, and share files. Teams can also be created for groups of peers, allowing all p
